BoMA

This is the Official site for the Charity After-Bash MEGA-PARTY on March 1st during the Arnold Classic Weekend. BoMA, also known as The Bar of Modern Art, is a giant four level super venue. With a sick sound system and an aura of pleasure, nothing but sin can be expected within the structure of this wicked Church. The basement cranks intense underground Techno while the main room and upper VIP mezzanine balcony serves out an 'amp'le dish of everything from Top 40, house and Hip-Hop. If you're in Columbus, make a night out at BoMA your top priority. Visit www.barofmodernart.com

Mynt

Small, yet exclusive, Mynt offers avid Club goers a soft spot in town where people can dance or lounge. The upstairs level sports a chic Martini Bar and the downstairs boasts a fun dance floor and backroom VIP area. The back basement portion offers a cave like setting as Mynt's actual venue is still considered an historic landmark by the state. If you want to go local but not lost this is the place to be. Sugar and Spice

This pair of twins (both clubs are located next to each other), are smart and sophisticated, yet ideal for a relaxed evening amongst friends. Sugar offers more of a club like dance experience while Spice offers up an ideal location for anything from corporate events to an after work drink stop. Visit www.spicebar.net
